

## Minepower Vision

To be the best in our business through the promotion of an environment that is free of personal injury, disease, property, plant and environmental damage at work and at home.

## Golden Rules

1. You have time to do the job safely
2. You must perform a risk assessment before the job
3. Procedures must be followed
4. All identified hazards or events must be reported
5. Appropriate PPE for the job is a must
6. You have to make choices and use judgment
